WELCOME TO THE SHOW!

Welcome to the first-ever Genesis Dance Crew Fall Showcase! We are so glad that you are here to support our dancers and our club. This project has been a long time in the making and we hope you enjoy watching our vision come to life. The theme of our show is Interstellar. Created by Delaney Rosson, Interstellar is when something is located in between stars. In a similar way, this showcase will display the in betweens of music, dance, and culture in a way that you have never seen before. Our dancers come from a range of backgrounds, but we unite over our shared love for dance. During this show, we hope to introduce you to worlds you never knew you would enjoy. Thank you and enjoy the show!

PRESIDENT'S MESSAGE

Good evening and welcome to Interstellar! My name is Hannah Young and I am your Genesis Dance Crew President. I have been in Genesis since the fall of 2022 and have served on multimedia committee and each of our vice president positions, so it is an honor to have worked my way up to this role. However, I did not get here alone.

I would like to thank my family for supporting my academic endeavors, the entire executive board of Genesis for committing to my ambitious ideas, and my Genesis role model, Monica Novoa. Without each of them, I would not be presenting this wonderful work of art to you all.

As I embark on my last full school year at the University of Florida, I knew that I wanted to leave behind a positive legacy just as Monica did and I am so happy that through this show, I am able to do that. This show has been a major project of mine since July, but now it is yours to enjoy. Thank you all and see you real soon!

Love, Hannah Young
